

Fellow BICA Members,

The next meeting of the Bedford Industrial and Commercial Association will be next Tuesday, April 6th, 12:00 Noon, at Memories Banquet Hall. Lunch will be \$8.00, as always.

This meeting is very important, as we will be disseminating the results of our long awaited survey to our members. The results are interesting, and should be of great value to our organization in determining how best we can help our community.

The Executive Board has a recommendation as to where we go from here concerning public relations, potential candidates, and election strategy. It is extremely important that we finish the job we started 15 or 16 months ago, when if you remember, we were all extremely concerned about the future of the Business Community here in Bedford. Yes, things are marginally better because of our efforts so far, but the election is the only thing that will ultimately make a positive difference for the business owners and the rest of the residents of our community.

I would ask you to please take 30 seconds right now, press the reply button on your e-mail, RSVP with Eddie for our meeting, and clear your schedule for a couple of hours on that day to support the organization and the people who are working hard on your behalf. We have nearly 140 members in our organization, and I would think that the work we do is important enough for most of us to attend one meeting a month.

We look forward to a great turnout at our meeting next Tuesday.

Thanks,

Chuck Faller
