

BTFD STRATEGIC PLAN

Bedford Township Fire Department

July 2014

Calling all stakeholders!

The Bedford Township Fire Department needs your help in developing our new strategic plan for 2015-18. We are asking that you spend an hour or two a couple times a month from August through November. All meeting times will begin at 6:00 p.m. on Tuesday evenings and the locations will change as described below. We need your assistance in:

- Initiative Development; 8/5 & 8/19 (District #1 fire station)
- Goal Development; 9/2, 9/16, 9/30, 10/14, & 10/28 (District #2 fire station)
- Goal Measurement; 11/11 & 11/25 (District #3 fire station)

Your time is valuable...

We realize your time is valuable, we also understand that you may not be able to attend all the meetings. This program is designed with that in mind. Each meeting will build upon the previous meeting and your assignments will differ at each meeting. All we are asking for is your expertise of our community and your participation to make our fire department grow in the right direction.

If you have any questions please contact Fire Chief Rudy Ruiz at: 734-224-7308 or r Ruiz@bedfordmi.org

“If any organization is to improve in its continuous drive for excellence, it must determine the organizational direction for excellence and develop a strategy for getting there. A properly developed strategic plan steers an organization from “business as usual” towards attainment of excellence by tackling areas that need improvement”.

- Center for Public Safety Excellence

Bedford Fire Department welcomes Engine #2 in June 2014
