Candidate biographical form/General election 2012

Dear candidate: Please e-mail this completed form to Evening News City Editor Doug Donnelly (doug@monroenews.com). **Only typed, e-mailed** responses will be accepted for print. The deadline is Oct. 9. The information will be included in a special election preview section that will appear in The Evening News October 20. To advertise in this section, call The Evening News at (734) 242-1100 and ask for retail advertising.

If your bio ran in the special section previewing the August primary election and you wish to use the same information, just drop me an e-mail telling me as such, but please remember to include a new, updated “Why I chose to run for this office” statement.

Take care,

Doug Donnelly, City Editor, Monroe Evening News

Spouse: Jennifer

Children: Eric (Crystal), Grandchildren: Annabelle & Jayden

Occupation, employer: Global Logistics Leader, American Axle & Manufacturing

Education: Bedford Public Schools

Why I chose to run for this office: I am running for the position of Township Trustee to continue my dedication of serving the citizens of Bedford, and to improve the quality of Bedford Township.

Three major areas that I will focus on as Trustee are Fiscal Responsibility, Economic Development, and Government Transparency.

Fiscal Responsibility -Decisions must be made based on the overall impact to our community. Factors including but not limited to the following should be used to determine the best approach for the health and welfare of Bedford - Fiscal responsibility, long-term growth and development, general fund revenues and expenses, taxes, environmental and infrastructure impact, fire and law enforcement requirements, etc. These items should also be fully transparent to the community.

Economic Development - We must work strategically to improve and restructure how we approach Economic Development. We must be determined to sell Bedford Township as the place you would want to open a business, live, and raise your family. Technology shall be utilized to provide the information that is necessary to attract new businesses and to grow existing businesses. Open forums should also be held with our business leaders so we are both working in the same direction

Government Transparency - Another item of focus will be to work with board members to run the township government like a business that has fiduciary responsibility, profit & loss statements, full disclosure, shareholders (the tax payer), and dividends (benefits and services to citizens and businesses). I am committed to conduct Town Hall meetings keeping our citizens informed of issues and events that will affect Bedford.

I am committed to with board members to conduct Town Hall meetings on a semi-annual or quarterly basis. The meetings would be held as open forums for the citizens to communicate in two-way discussions with the board members.
